## GWG 1003 Ms Aizakura x GWG 1108 Itoshigenami

### GWG 1003 Ms Aizakura x GWG 1108 Itoshigenami

#### Blackmore Aizaturudo Y398 = Father of GWG 1003

Aizaturudo Y398 is known for breeding a combination of outstanding female replacements and steer carcasses of outstanding meat quality. He weighs close to 900kgs putting him at a similar weight as some 100% Fujiyoshi or Kedaka blood bulls.

Sibling sisters are making great breeding cows with good milking ability and sibling carcasses have graded consistently 9+ at better than average carcass weights. Further, female offspring have good milking ability and excellent fertility (GWG1003s sister produced 46 embryos (a) and had twins from the same flush)

Aizaturudo Y398's sire is Fukutsuru 068 (number one rated sire in terms of marbling).

#### TF148 Itoshigenami = Father of GWG 1108

TF148 Itoshigenami is known for inducing maternal characteristics whilst also enhancing carcass quality. Based on an Australian full blood Wagyu breeder's carcass data, TF148 average carcass weight is 440 kg and an average beef marbling score of 8.6 out of their marbling 1-9 scale.
