GWG 1004 x Y350

GWG 1004 Ms Itoshigefuji x Blackmore Kinuyasudoi Y350

Blackmore Aizatzurudoi Y398 = Father of GWG 1004
Aizatzurudoi Y398 is known for breeding a combination of outstanding female replacements and steer carcasses of outstanding meat quality. He weighs close to 900kgs putting him at a similar weight as some 100% Fujiyoshi or Kedaka blood bulls.
Sibling sisters are making great breeding cows with good milking ability and sibling carcasses have graded consistently 9+ at better than average carcass weights. Further, female offspring have good milking ability and excellent fertility (GWG1003s sister produced 46 embryos (a) and had twins from the same flush)
Aizatzurudoi Y398's sire is Fukutsuru 068 (number one rated sire in terms of marbling).

Blackmore Kinuyasudoi Y350
Good maternal sires, good for embryo program, can be used on F1 and Fullblood cows. Tend to have big Rib-Eyes and a good fat cover.
