Blackmore Aizaturudoï Y398 = Sire of GWG 1008 Ms Aizakura

Aizaturudoï Y398 is known for breeding a combination of outstanding female replacements and steer carcasses of outstanding meat quality. He weighs close to 900kgs putting him at a similar weight as some 100% Fujiyoshi or Kedaka blood bulls.

Sibling sisters are making great breeding cows with good milking ability and sibling carcasses have graded consistently 9+ at better than average carcass weights. Further, female offspring have good milking ability and excellent fertility (GWG1003s sister produced 46 embryos (a) and had twins from the same flush)

Aizaturudoï Y398's sire is Fukutsuru 068 (number one rated sire in terms of marbling).

Blackmore Kikutsurudoï W628 = Sire of GWG 1028

Kikutsurudoï is a large bull for his bloodline (100% Tajima). His progeny are usually good framed on feed, allowing for bigger and heavier carcasses. His father Kikutsurudoï TF146 and his grandfather Tanifukudoï are descendents of the most famous cow in Japan, Kikutsuru know nationally as the 'Hyogo Cow'. She is credited for increasing size in Tajima cattle.
