## TF726 Kimifuku

**TF726 KIMIFUKU is the son of KIMIFUKU 3** (90KURO 1172, DOB 8 May 1990)

KIMIFUKU 3 is the best marble Wagyu bull in Mr. Takeda's Wagyu history.
Average carcass weight is 437kg, BMS 9.2/12 and A5 ratio is 100% (25 carcasses)

Mr. Takeda knows that the best Tajima (Naka-Doi) bull is the combination of Itsuhime, Kikutsuru and Mitsufuku dams and kept looking for this Kind of bull which valued about JPY10,000,000 in the 1990's. Mr. Takeda was lucky enough to get this bull in favour of his friend Mr. Sebukami and collected 3,000 straws and got 21 heifers and 25 steers by natural joining. All steers were feed-lotted and got excellent results (as mentioned above). KIMIFUKU was dead by fat necrosis in 1993, which sometimes happens – especially with high marbling bulls.
